Fourth Joint IOS/APB Summer Academy
on Central and Eastern Europe organised by the
Institute for East and Southeast European Studies
(IOS) in cooperation with the Akademie für Politische
Bildung Tutzing (APB) and the European Association
for Comparative Economic Studies (EACES)

June 27 to 29, 2012

INVITATION

The Institute for East and Southeast European Studies (IOS) is a regional studies center at the University of Regensburg focussing on emerging east European economies in a global perspective.

Situated south of Munich on Lake Starnberg, the Akademie für Politische Bildung Tutzing (APB, Academy for Civic Education) has a reputation for organising conferences and workshops in various fields of the social sciences.

In order to foster the exchange of ideas and networking among scholars, the IOS and the APB launched a series of annual Summer Academies.

The IOS/APB Summer Academies on Central and Eastern Europe aim to bring together researchers in a workshop atmosphere. Each participant presents an ongoing or recently concluded research project and comments on another one, to be followed by a general discussion. In addition, three keynote lectures are presented. This format should be especially interesting for PhD students and post-docs. More senior researchers, however, are also welcome to participate. In order to ensure lively discussions, the number of participants is limited to 15. The workshop language is English.

The topic of the 2012 IOS/APB Summer Academy is

Recent Challenges in Migration Research: Economic and Broader Development Issues.

Theoretical or empirical work may contribute – but is not confined – to the following areas:

- Determinants and patterns of migration
- Effects of migration on sending and receiving countries
- Determinants and impacts of remittances
- Economic and social integration of migrants

Keynote lecturers include Alexander M. Danzer (Juniorprofessor of Economics at the University of Munich), Christian Dustmann (Professor of Economics at University College London) and Ira Gang (Professor for Economics at Rutgers University, New Brunswick).
